

Get it Rite
are you secured by steel?

Steel doors are more secure,
more hardwearing and need
less maintenance.

STANDARD STEEL DOOR FEATURES

With expert fitting and a host of unique security features, isn't it about time to...

Take a fresh look at steel doors

Fully bespoke, all our doorsets are configured to your requirement. Our most popular range has the following features:

- Anti-rust high tensile steel with insulated core.
- Superior security features.
- Top and side infill panels available to match.
- Full range of sizes and door furniture available.
- Fully finished in a choice of BS and RAL colours, including pearlescents, metallics and marine grades at extra cost.

Renowned for their durability, strength and superb security, steel doors offer the ultimate in endurance and protection for both internal and external use.

Industrial door specialists, Rite are now offering a full range of bespoke steel door solutions for new installations or for replacement of existing doorsets.

With a choice of fire exits and personnel doors in both double and single door configurations. Our doors can be fire, acoustic or security rated if required.

Every door is perfectly fitted with a minimum fuss by our fully trained, experienced engineers
